

OT Networking Day

BUSINESS EVENT AND NETWORKING

Marketplace IOT | cabaseiot.com.ar

Vaca Muerta is the second biggest reservoir of non-conventional gas worldwide and the second one in shale oil, it has huge impact in terms of exploration and related labour.

Labour needs in oil and gas drilling had a significant increment since the discovery of Vaca Muerta. The industries surrounding Vaca Muerta encompass a cluster of suppliers resulting from the production of conventional oil and gas, mining and agricultural activities.

The aim of this event is to connect companies providing IoT solutions that cover different verticals with the needs and demands of a region in full development.

Participating Organizations

ADENEU SME Center, CABASE, sponsoring companies that will showcase their solutions, Infotech, ACIPAN, Private Oil Men Union, UnCoMa, UTN Confluencia, Government of the Province of Neuquén, City Halls of Neuquén, Añelo and San Patricio del Chañar, Cluster of Vaca Muerta companies, ICT Companies, Entrepreneurs and Innovators from the region, "Río Negro" Newspaper, "La Mañana de Neuquén" Newspaper, TELEFE Channel 7 from Neuguén.
